

LASTING IMPRESSIONS.

Since 1946, Simonton has taken pride in handcrafted quality. Building our reputation one window and door at a time by offering the type of care and commitment we believe every home deserves. Imagine thousands of skilled artisans utilizing some of the most advanced technology in North America. Imagine a quality control system dedicated to perfection and a nationwide manufacturing process designed to translate maximum thermal dynamics into an affordable price. The results would be extraordinary – and they are. Without question, every Simonton window and patio door represents the highest standards in the industry – tested to NFRC and AAMA standards, nationally recognized for outstanding quality and available with advanced thermal technology to meet ENERGY STAR® guidelines in all areas of the country. When you choose Simonton, you choose a company that understands your needs, and is committed to exceeding your expectations. We make lasting impressions.®

ON HOMES. ON FAMILIES. ON LIVES.

When you purchase an AAMA certified product, you have the assurance that your window and door has passed stringent tests to meet industry standards. All Simonton windows and doors bear the AAMA Certification Label—meeting performance standards for air and water infiltration at the specified pressures, structural integrity and resistance to forced entry.

VINYL NEW CONSTRUCTION WINDOWS
Integral Nailing Fin

THE TIMELESS BEAUTY OF SOLID VALUE.

DEPENDABLE PERFORMANCE NEVER LOOKED SO GOOD.

BUILDER SERIES

The Simonton ProFinish® Builder Series combines dependable quality with beauty and value. Features designed to make installation easier and some of the most popular homeowner favorites ensure value-added performance on every job.

PERFORMANCE FEATURES

- Integral nailing fin for easy installation.
- Extruded vinyl and welded construction provide strength.
- Vinyl will never fade, chip or peel and color is molded clear through.
- Meets ENERGY STAR® guidelines in all areas of the country when ordered with ProSolar™ architectural-grade, soft coat Low E glass from PPG and Argon-filled glass.
- 3/4" insulating glass unit with the Intercept® spacer system provides increased thermal performance for advanced warm-edge technology.
- Available preassembled, ready-to-install jamb extenders make installation even easier.
- Comprehensive warranty coverage.

With Single Hung, Picture and Geometric windows available, the Simonton ProFinish® Builder Series has the perfect window for almost every new construction application.

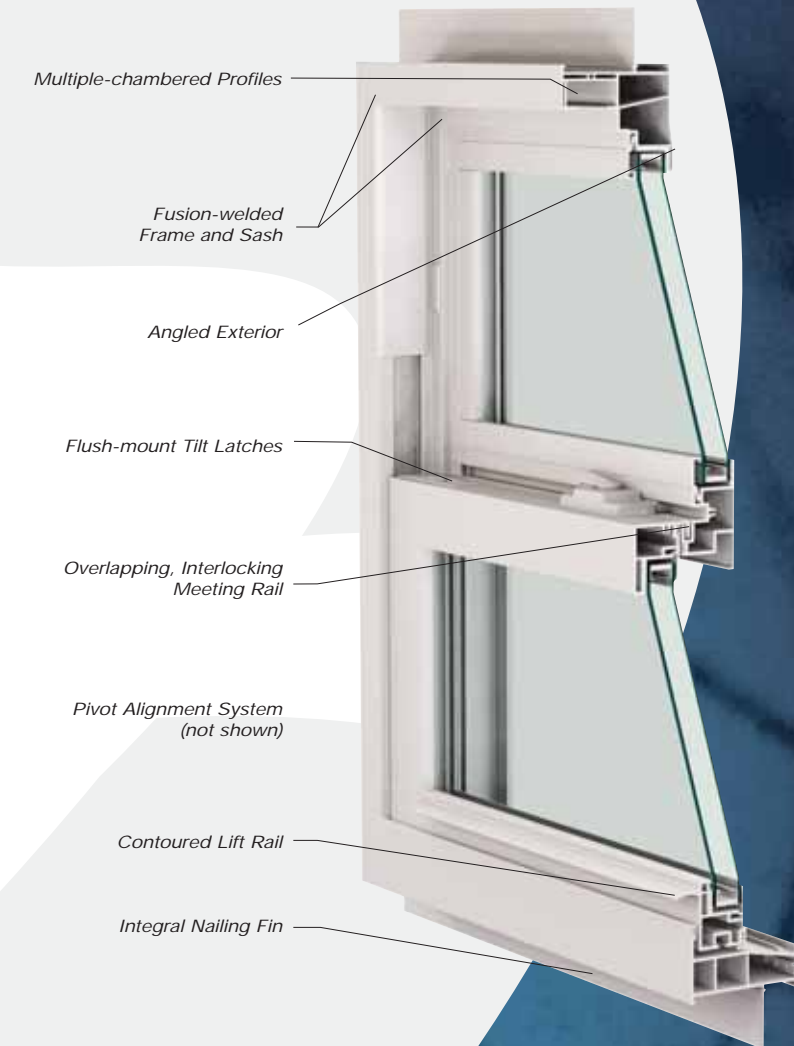

SINGLE HUNG

The Simonton ProFinish® Builder Series Single Hung window combines strength, versatility and value. An attractive angled exterior and popular homeowner options make it a great choice for new construction.

- Welded frame and sash for solid construction.
- Multiple-chambered profiles for increased strength and energy efficiency.
- Attractive, angled exterior design.
- Sloped sill initiates quick water drainage.
- Sill dam weatherstripping helps ensure better thermal efficiency.
- Overlapping, interlocking meeting rail provides a weather-resistant seal.
- Operable sash tilt in and lift out.

Single Hung windows are a traditional favorite for new construction projects.

THE QUALITY YOU NEED. THE FEATURES YOU WANT.

THE NEW SHAPE OF NEW CONSTRUCTION.

Slider windows are an elegant way to open up a dining room.

SLIDER

For applications that call for Slider windows, the Simonton ProFinish® Builder Series fits the bill.

Available as a Single or 3-lite Slider, it combines quality construction with smooth, dependable operation and remarkable value.

- Angled exterior complements other Builder Series windows.
- Miter-cut, welded frame makes for a strong, weather-resistant unit.
- Overlapping, interlocking meeting rail provides strong barrier against wind and rain.
- Sash glides smoothly on corrosion-resistant rollers.
- Contoured pull rail offers durable performance.
- Also available in a 3-lite configuration.

PICTURE AND GEOMETRIC

Simonton ProFinish® Builder Series Picture and Geometric windows are an attractive combination of performance and value. Designed to complement other Builder Series windows, they offer the most popular homeowner features and proven quality.

- Attractive angled exterior.
- Welded construction.
- Integral nailing fin for easy installation.
- 3/4" insulating glass unit.
- Many shapes and custom designs available.

SHAPES

- Half-round
- Triangle
- Quarter-round
- Octagon
- Eyebrow
- Trapezoid
- Circle
- Oval
- Gothic

A large Picture window is the right choice to bathe a room in sunlight.

Slider windows can be combined with Geometric shapes for added drama.

A Picture window capped by a Half-round can be the perfect visual centerpiece for a home's exterior.

MAKE A GREAT WINDOW EVEN BETTER.

OPTIONS

Simonton ProFinish® Builder Series offers the options that allow more flexibility than ever before.

GRIDS

Grids are available in a variety of patterns. Choose from flat, sculptured (available in either 1" or 5/8" widths), sculptured brass and shadow bevel-cut glass. Not all grid styles are available in all patterns, so use the chart at the right as a comprehensive guide.

GLASS

Optional ProSolar™ architectural-grade, soft coat Low E glass from PPG along with an Argon-filled insulating glass unit provides the advanced thermal performance homeowners demand. Glass is also available in tempered, tinted bronze, tinted grey and obscure.

ENERGY STAR
As an ENERGY STAR partner Simonton Windows® understands that smart choices

can reduce energy bills and conserve energy. That is why every Simonton window and door either qualifies or can be ordered to meet ENERGY STAR guidelines in all areas of the country. Meeting the U.S. Department of Energy's strict criteria, ENERGY STAR qualified windows and doors save energy and money, increase the comfort of your home and protect your valuable possessions from sun damage.

HARDWARE

ProFinish® Builder Series windows come with matching streamlined white or tan hardware. For a more upscale look, elegant brass hardware is available.

BRICKMOULD

An optional factory-applied brickmould, available on Single Hung, Picture, and Slider windows, makes installation easier by providing a finished look where the window and home meet.

WOOD AND QUICK TRIM™ JAMB EXTENDERS

For quicker and easier finishing, ProFinish® Builder Series windows can be ordered with pre-attached wood or Quick Trim™ jamb extenders. Field-ready, the wood bucks are available in finger-jointed primed, clear pine and oak. Choose from 6-9/16" for 2 x 6 construction applications or 4-9/16" for standard 2 x 4 construction applications. Quick Trim™ jamb extenders, made of cellular PVC, are available in matching sizes and come in Clearwood®, white or tan.

Wood and cellular PVC jamb extenders are available in a variety of colors.
